Enrolment Application and Support Process

For Students requiring significant
educational adjustments

St Vincent's Primary School
Clear Island Waters

Introduction and Rationale

The Enrolment Application and Support Process (EASP) reflects the ongoing commitment of Brisbane Catholic Education (BCE) towards inclusive practices in schools and is guided by the principles of justice as reflected in Church, education, and legal areas. The consultation process seeks to reveal and clarify:

- The characteristics of the learner including impact of the disability
- The educational adjustments required for learning
- The implications of adjustments within the context of school, family and student

The EASP is applied to:

Initial enrolment consideration: When an application for enrolment is made on behalf of a student for whom it is considered likely that adjustments will be required to enable the student to participate in education, and use facilities, on the same basis as students without a disability, EASP is applied.
